of the Federal agency's document where the finding occurs. Unless the Executive Director objects within 10 days of receipt of such notice the Council need not be afforded further opportunity for comment. If the Executive Director objects to the finding of the applicant, the applicant shall comply with § 801.4.

§ 801.5 State Historic Preservation Officer responsibilities.

(a) The State Historic Preservation Officer shall have standing to participate in the review process established by section 110(c) of the HCDA of 1980 whenever it concerns a project located within the State Historic Preservation Officer's jurisdiction by the following means: providing, within 30 days, information requested by an applicant under § 801.3(b); responding, within 45 days, to submittal of a determination by the applicant under section 110 of the HCDA of 1980 that National Register property or property which meets the Criteria may be affected by the proposed project; participating in a Memorandum of Agreement that the applicant or the Executive Director may prepare under this part; and participating in a panel or full Council meeting that may be held pursuant to these regulations. Pursuant to section 110(c) of the HCDA of 1980, the State Historic Preservation Officer has a maximum period of 45 days in which to formally comment on an applicant's determination that the project may affect a property that is listed in the National Register or which may meet the Criteria for listing in the National Register. This period does not include the time during which the applicant seeks information from the State Historic Preservation Officer for determining whether a property meets the Criteria for listing in the National Register and whether such property is affected by the project.

(b) The failure of a State Historic Preservation Officer to participate in any required steps of the process set forth in this part shall not prohibit the Executive Director and the applicant from concluding the section 106 process, including the execution of a Memorandum of Agreement.

§ 801.6 Coordination with requirements under the National Environmental Policy Act (42 U.S.C. 4321 et seq.).

The National Historic Preservation Act and the National Environmental Policy Act create separate and distinct responsibilities. The National Historic Preservation Act applies to those aspects of a project which may affect National Register properties and those which are eligible for listing in the National Register. The requirements for the National Environmental Policy Act apply to the effect that the project will have on the human environment. To the extent that the applicant finds it practicable to do so, the requirements of these two statutes should be integrated. Some projects, for reasons other than the effects on historic properties, may require an Environmental Impact Statement (EIS) subject to the time requirements for a draft and final EIS, in which case the applicant may choose to separately relate to the State Historic Preservation Officer, the Department of the Interior, and the Council for purposes of section 110(c) of the HCDA of 1980. In that event, information in the draft EIS should indicate that compliance with section 106 and these regulations is underway and the final EIS should reflect the results of this process. Applicants are directed to 36 CFR 800.9, which describes in detail the manner in which the requirements of these two acts should be integrated and applies to all UDAG applicants under these regulations.

In those instances in which an Environmental Impact Statement will be prepared for the project, the applicant should consider phasing compliance with these procedures and the preparation of the Statement.

§ 801.7 Information requirements.

(a) *Information To Be Retained by Applicants Determining No Effect.* (1) Recommended Documentation for a Determination of No Effect. Adequate documentation of a Determination of No Effect pursuant to § 801.3(c)(2)(i) should include the following:

(i) A general discussion and chronology of the proposed project;
